

Growing People. Building Places. Creating Possibilities.

Open Spaces Collective is an Indigenous-led enterprise creating opportunities through the development, regeneration and long-term care of places that connect people, community and Country.

Project & Construction Management

Procurement, program, safety, quality, cost and delivery.

Built Infrastructure & Amenities

Structures, amenities, pathways and site infrastructure.

Workforce Development & Training

Accredited training and sustainable employment pathways.

Landscape Construction & Public Realm

Parks, streetscapes, civic spaces and external works.

Indigenous Participation & Social Procurement

Employment, procurement, enterprise and community outcomes.

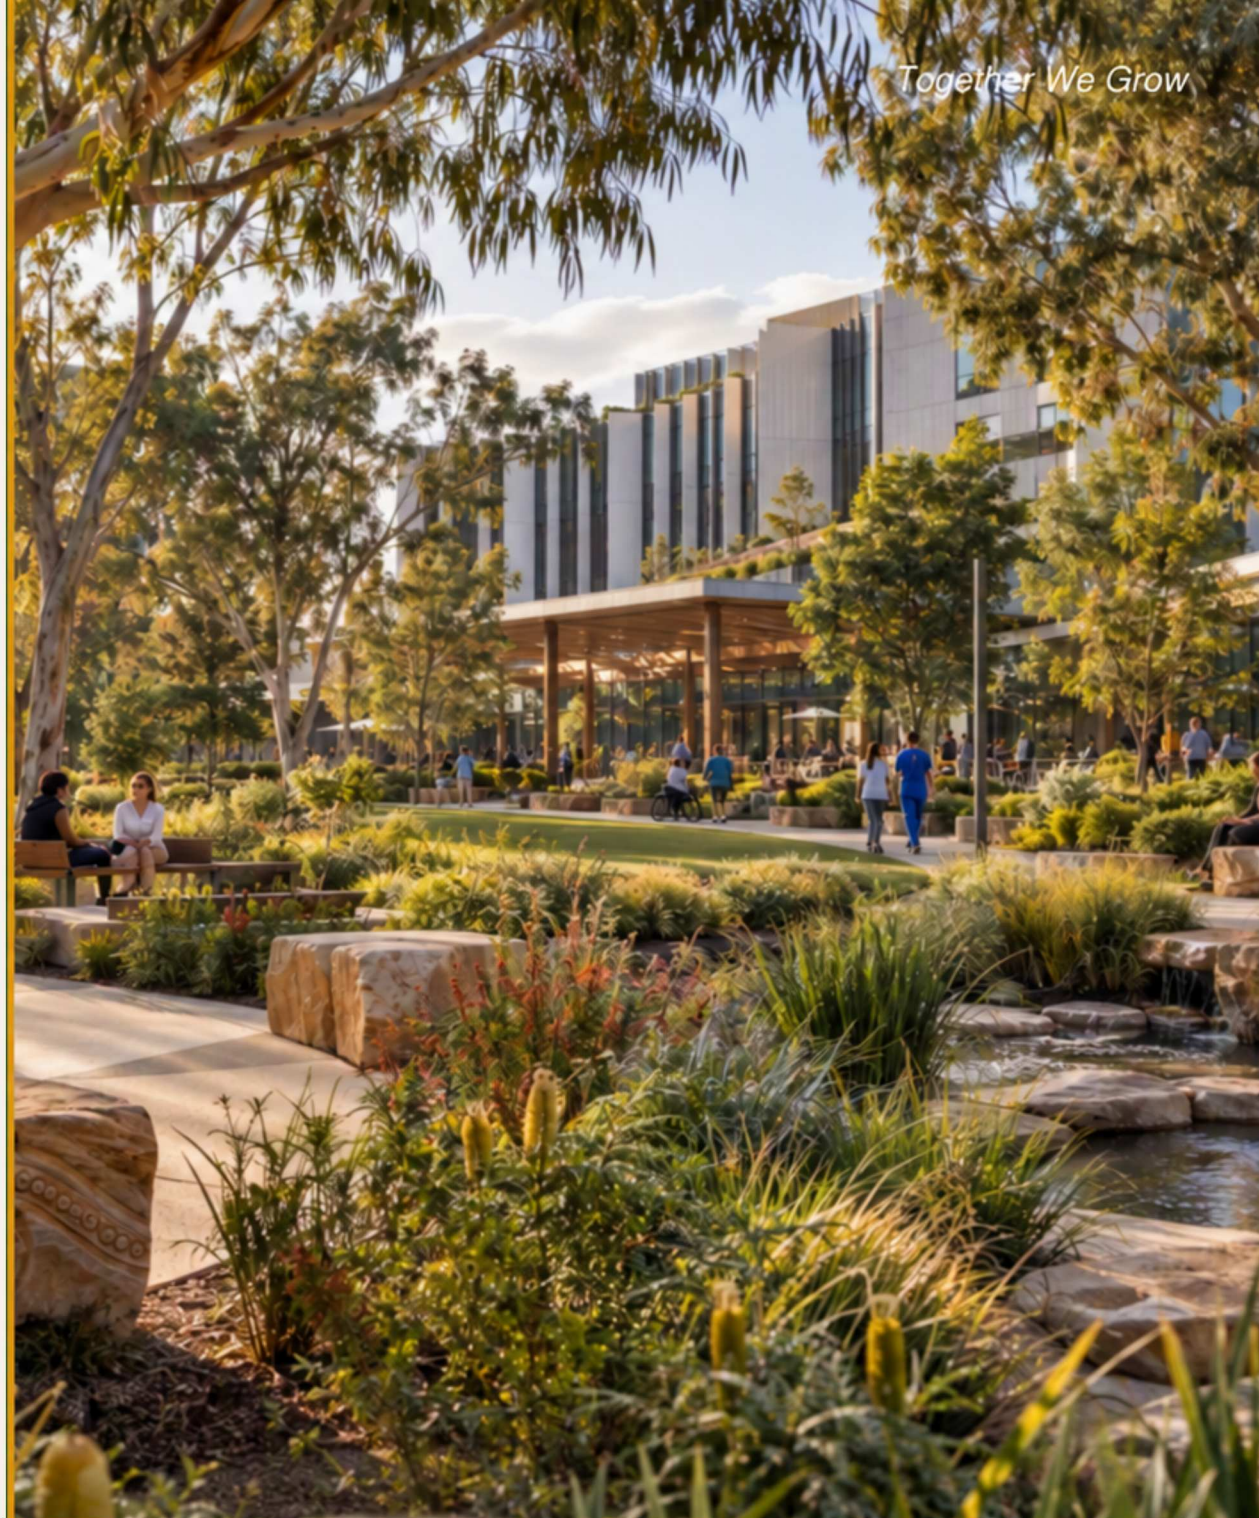

Ecological Restoration & Revegetation

Revegetation, habitat enhancement and landscape rehabilitation.

Horticulture & Nursery Production

Propagation, supply, installation and establishment at scale.

Together We Grow
